

## script2.js

```
1 // Callbacks
2 function sum(a, b) {
3     console.log(a+b);
4 }
5
6 function calculator(a, b, sumCallback) {
7     sumCallback(a, b)
8 }
9
10 // calculator(1, 2, sum);
11 calculator(1, 3, (a, b) => {
12     console.log(a + b);
13 });
14
15 // Asynchronous
16 const hello = () => {
17     console.log("hello");
18 };
19
20 setTimeout(hello, 3000);
21
```
